

G-STAR RAW

SUPPLY CHAIN RESPONSIBILITY: BANGLADESH ACCORD

FRIDAY, 28 MAY 2021

G-Star RAW signed the Bangladesh Accord in May 2013 and we continued our commitment through the Transition Accord, which will end this month on May 31.

To ensure a safe working environment and prevent from a disaster such as the one in Rana Plaza to ever occur again, we fully support the continuation of the binding agreement, ensuring that all parties can be held accountable by independent supervisors.

For the most efficient and effective implementation of the agreement we strongly promote an industry wide approach in which all parties, including local industry and unions, take part in the agreement. That is how we guarantee a constant dialogue with all stakeholders.

We hope that the new accord can serve as an example within the fashion industry and support applying this same model in other countries.
